Professional Experience

Founder & Lead Developer
2021 – Present
Bunny Pixel — Creative Design & Web Services

- Founded and currently manages a creative design and marketing brand that helps small businesses build a professional visual identity and online presence, combining creative graphic design with marketing-focused thinking.
- Designed and developed the brand's official website (chanudatheekshana.github.io/bunny-pixel) from concept to deployment on GitHub Pages, featuring a clean, mobile-first layout that communicates the brand's dual focus on design and marketing.
- Launched and personally deliver a Website Creation & Digital Business Cards service line, building fast, mobile-friendly websites with click-to-call, WhatsApp integration, social links, and Google Maps for small business clients.
- Developed a 6-step client workflow covering objective analysis, marketing direction, creative design, review, and final delivery, ensuring every visual asset is aligned with commercial goals rather than aesthetics alone.
- Serve clients through food and restaurant promotions, education and tuition advertising, small business campaigns, corporate design, and custom promotional graphics.

Founder & Manager
2020 – Present
Learn One Education

- Founded and currently manages a private tuition business catering to G.C.E. A/L students, overseeing end-to-end operations.
- Handle financial management including budget planning, revenue and expense tracking, and resource allocation to ensure profitability.
- Develop marketing strategies and coordinate with academic staff to ensure high-quality educational delivery.

Projects

Personal Portfolio Website
HTML, CSS, JavaScript, Responsive Design

- Designed and built a fully responsive personal portfolio site (chanudatheekshana.github.io/CHANUDA-THEEKSHANA-NILAWEERA) to showcase technical skills, leadership impact, and entrepreneurial work.
- Structured the site around a clear "Plan → Organise → Design → Execute → Review" work-process narrative, reinforcing a disciplined approach to software and project delivery.

Bunny Pixel Business Website
HTML, CSS, JavaScript, GitHub Pages

- Built the brand's official marketing website from scratch, including service pages, package pricing, client testimonials, FAQ, and live demo integrations.
- Implemented a digital-first, mobile-optimized layout with typography, contrast, and sizing tuned for social feeds and mobile screens.
